Re-evolution of Technological Aesthetics

Technological Flow Aesthetic Appearance

- 1942mm Full-width Integrated Light Bar
- Seamlessly Tapered Minimalist body design
- Redesigned aerodynamic ducktail spoiler
- Galaxy lightsaber LED taillight

Super Star Ring Interior Design

- Super star ring touchscreen design
- Galaxy rhythm array ambient light
- 2.12m² interstellar boundless canopy
- Upgraded Microfiber roof

Super Comfort

Comfortable Seats

- Nappa leather seats
- Front seats with massage/ventilation/heating/lumbar support
- 11.4° backrest adjustment
- Driver seat electric adjustment up to 10 way including 4-way Lumbar Support Adjustment

Comfortable Space

- Space efficiency 85.6%
- Best rear kneeroom and headroom in its class
- 18 storage spaces throughout the vehicle
- 571L large trunk, 1374L expandable space

Product Configuration Differences

	RWD Standard Range	RWD Long Range	AWD Performance
Basic parameters			
Body size (mm)		4758/1920/1650	
Wheelbase (mm)		2890	
Wheel Type (inch)	18	20	20
WLTP comprehensive operating range (km)	480 (R18)	525 (R20)	510 (R20)
Energy consumption per 100km (kWh/100km)	16.6 (R18)	17.9 (R20)	18.4 (R20)
Drive mode	2WD	2WD	4WD
Acceleration (0-100km/h) (s)	6.9	6.7	4.13
Power output (kW)	185	218	358
Torque (N·m)	440	440	660
Top Speed (km/h)		202	
Battery capacity (kWh)		80.8	
Comfortable intelligent cockpit			
Driver seat electric adjustment		10 way (including 4-way Lumbar Support)	
Front passenger seat electric adjustment		10 way (including 4-way Lumbar Support)	
Nappa leather		●	
Microfiber ceiling material		●	
Driver and passenger seat massage		●	
9-inch Digital rearview mirror		●

5 YEARS VEHICLE LIMITED WARRANTY

8 YEARS Battery & Drive Unit Warranty

1. The data related to XPENG NEW G6 shown on the above page are all from XPENG Laboratory, and the actual use may be different.
2. The above-mentioned functions and configurations are not standard for the whole series. Some functions require OTA of the whole vehicle. Please refer to the official product configuration table of the corresponding country/market.
3. The above images are for demonstration purposes only and are subject to actual delivered vehicle.
4. Due to differences in vehicle hardware and software design as well as local regulatory factors, functionality updates may vary across different global markets. Please consult local XPENG sales network for more details.
5. Please obey the traffic laws and drive carefully. When using the assisted driving function, please observe the road conditions in real time to avoid dangerous.

Excellent Intelligence

XPILOT ASSIST

- XPILOT ASSIST DRIVING
  ACC(Standard Range Excluded) / LCC / ATC /
- XPILOT ASSIST PARKING
  Surrounding Video System
  Enhanced AutoParking Assist
  Auto Exit Parking Assist
  Remote Parking Assist with Phone and Key
  Remote Vehicle Summons

XOS COCKPIT

- 9-inch Digital rearview mirror
- Full-scene, multi-zone voice assistant
- Multi-language voice interaction
  English, French, German, Thai, Cantonese
- Multi-scene customization
  XCOMBO/XDOCK customization/sound mode customization/Personalized account settings

15.6 inches
Ultra-high-definition touchscreen

10.25 inches
Full LCD dashboard

18 speakers
XPENG XOPERA 2.0 Surround Sound System

Fast Charging

- Full-domain 800V High-voltage SIC Platform
- Peak charging power 451kW
- XHP 3.0 intelligent thermal management system
- V2L external discharge

5C Supercharging Battery

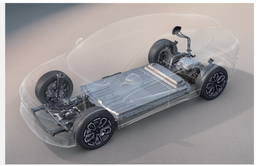

12min
SOC 10%-80% charging time

535km *
WLTP comprehensive range up to

427km *
With 15 minutes of charging, the range increases by

17.5kWh
Lowest power consumption per 100km at comprehensive working condition

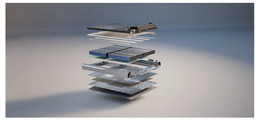

*The data standard for RWD Long Range version;

All data are based on internal testing at XPENG Laboratories. Actual results may differ. All data are measured under WLTP standard conditions.

Super Safety

ENCAP Five-star Standard Development

- Designed with global safety standards, the entire series is developed to meet the ENCAP Five-star Standard

Passive Safety

- Front&Rear Integrated Casting with Aluminum Body Structure
- CIB battery and body integration technology, 3-layer anti-collision structure
- 16-circular safety design
- High-strength steel and aluminum hybrid cage body
- "4-3-4" full-dimensional three-dimensional protection battery pack

14 Active Safety Features

- Forward collision prevention function
  FDM/FCW/AEB/TSR/SAS/IHB/DSM
- Lateral collision prevention function
  BSD/DOW/LDW/ELK/LKA
- Rear collision prevention function
  RCW/RCTA
